

**Research in Chemistry**  
**2019 Research Experiences for Undergraduates**  
**May 19 – July 26**  
**West Virginia University**

Experience a unique combination of **multidisciplinary research, educational programs, and fun team-building activities**. Participants are involved in ongoing research programs in the fields of **chemistry and biochemistry** with applications to disease detection and treatment, pharmaceutical synthesis, and emissions.

**STIPEND: \$5,000/summer + room & board**

**Applications may be reviewed upon completion. Deadline: February 1, 2019.**

Priority will be given to applications completed by/before the February 1 review date.

Applicants should be rising Freshman through Senior undergraduate students majoring in chemistry or biochemistry. **Underrepresented minorities, women, persons with disabilities and veterans of the U.S. Armed Forces from primarily undergraduate institutions in West Virginia and the Appalachian region are especially encouraged to apply.**

**Link to online application**, information on specific faculty research interests, and other information on the NSF-funded Chemistry REU site can be obtained at:
